

## **Smokey's Pit Saloon: Catering Menu**

With our 20 years of catering experience we feel confident that we can make your special event a successful one. Whether it's a family BBQ, a wedding, reception, quinceanera, or a company party you can be assured we will give your functions our undivided attention.

Our entire menu is available for full service catering. This includes going to your location and setting up our own tables using red or white tablecloths. We use stainless steel chaffing dishes to keep the food hot. Your guests go through a serving line and are served buffet style. After everyone is served we wait to see if anyone would like a second helping. We then clean up leaving any food remaining in aluminum containers. We provide everything but tables and chairs for your guests.

The most popular item is the brisket dinner, which includes the ranch style beans, potato salad, cole slaw, dinner rolls, BBQ sauce and all you can drink iced tea. The price for the brisket and all other single meat items dinners are \$9.95 per person plus tax. Our second most popular plate is the combination of any two meats for \$10.95 or any three meats for \$12.95. All our dinner plates come with the three side dishes, BBQ sauce, and iced tea. The plates available for catering are as follows:
